PRESIDENT'S MESSAGE APRIL 2024

Happy Spring everyone. As I am typing this Newsletter it is Passover-Easter Week. You are all in my prayers daily and I hope this newsletter finds everyone well. My passion for Corvettes started when I was a little girl from New Jersey. My parents both Italian immigrants came to New Jersey to pursue the American dream. My Grandmother an American Citizen who was born here and moved to Italy to marry brought over each child one by one after the war to America. My two Uncles were both into cars; one uncle sadly passed at an early age, but my youngest Uncle (Frank) is still alive and kicking and is still a Corvette enthusiast. I had the pleasure of seeing him a couple of weeks ago and he told me the story that he had a beat up, used up, 1959 Corvette in the garage for over 10 years. It was always his dream to fix it up, paint it and get it pristine for him to enjoy, drive and pass down to his kids. His son who is a police officer now drives a 2017 Yellow and Black Corvette – but my uncles dream of ever fixing this corvette never came to fruition. He was working, raising his children and it just did not happen. His older brother (my uncle Sal told him he had to get this car out of the garage; so, he did and put it out on the lot – it sat there for so many years a tree was growing out of it. As he is telling me this story, I am cringing. This is my birth year car, and it has always been a dream car for me too. He finally sold the car for \$5,000 and had to chain saw the tree out of the middle of the body of the vehicle to sell it. I truly felt so bad for him, because to this day, he still does not own a Corvette and he is 72 years old. Uncle Frank has been to the Museum and dreams of owning a corvette soon. I am helping him find that dream car he can afford. We are so fortunate as members of this Club to be a family of enthusiasts that pursued our dreams. This little American made car has brought such beautiful people together that I am so honored to President of. I cherish each one of you and look forward to the year ahead in celebrating our 60th Birthday and the generation of not only the corvette but as a family.

We have so many events planned for 2024 and we hope as a team you will support the efforts of so many that utilize their spare time for you the MEMBERS. We are thankful of our sponsor Paul Masse and look forward to another year of collaboration with his dealership and generosity. I am wishing you all a HAPPY EASTER, HAPPY PASSOVER, AND SPRING.

God Bless
Save the Wave

Detailing your Corvette

How concerned are you about your Corvette's looks? Is a trip to the drive-through car wash every few months good enough? Or do you obsess over things such as tiny swirl marks in your paint, or getting just the right amount of gloss on your trim? If you fall into the latter group, then you've come to the right place.

Celebrating 60 Years

Founded by a handful of Rhode Island Corvette Enthusiasts back in 1964, the Corvette Club of Rhode Island (CCRI) has endured for over five decades. The motivating factors for this enterprise have remained applicable to this day and are stipulated as "general purposes" in Article 2 of the club by-laws.

JUST THE TIPS

WITH RICK LYONS

This month I want to talk about the C7 model I don't have one but while researching I found a few things you may want to know about.

The first thing I looked for was known problems, the thing that came up several times is the serpentine belt tensioner. They wear out because they are designed like a small shock absorber and not spring loaded like most tensioners. When they start to wear out they leak the fluid and have to be replaced.

Another thing that came up was the AFM system. Active Fuel Management that shifts the engine in and out of four cylinders for better fuel mileage. As they age they are showing problems across many GM products that it's installed on. The lifters they use with this system are known to fail and oil consumption is a known problem. There are also problems showing up with the transmission because of this system, and there is a class action lawsuit regarding problems with this system.

There is a way to shut this off. You can buy a module that plugs into your OBD2 port and can be removed at anytime. The one most recommended is made by Range technology and are readily available. https://www.rangetechnology.com/products/afm-dfm_disabler/

JUST THE TIPS

WITH RICK LYONS

While I still have some space left I want to mention some products I came across.

- The first is called door dogs. They are door handle extenders to make access easier and make it so you don't have as many hand prints.
- Next is called seat belt stay. I guess where the seat belt goes thru the top of the seat there is a slot and depending on how you have your seat adjusted the belt can slip out of its location. These clips snap on and stop this problem.
- Next was a shelf that goes in the storage area behind the radio screen, they also offer a bin guard that keeps small items from going into the slot for the screen when it's open. These items can be found at Sandyecco Designs <https://www.sandyeccodesigns.com/products/>

They seem to focus on items for the C7.

Well that's it for this month. I hope some of you are enjoying my articles and will be encouraged to add some tips.

I'm sure you must have some tips you can share. If so e-mail me with your tips or technics

Please send tips to
Rick Lyons
rick5838@aol.com

Please put just the tip in (subject area)

Thanks Rick Lyons

Corvette insurance doesn't necessarily mean classic car insurance or antique car insurance. In fact, we insure new cars as well as our loved classics. Do you own a new Corvette that is driven rarely to car shows, club events, parades, or just for a nice trip to the coast? No problem, we can insure that! Below you will find several reasons we feel you'll like what we have to offer.

Broad Usage : The National Corvette Museum and NCM Insurance Agency love to see the cars driven. We highly encourage you to take your car out on a nice day and enjoy it.

Mileage Options: We have several mileage plans to meet your needs. Pick the best plan that fits your vehicle and save money, Plus, we offer rollover miles.

Agreed Value : We only write collector car insurance or Corvette insurance policies on an Agreed Value basis. Once we agree on a value for your vehicle, that's what you'll get in the event of a total loss. We will not depreciate or question the vehicle's value.

Claims : If you were to have a claim you can take your car to the repair shop of your choice. You know who will do the best job on your prized possession.

Lower Cost : Our collector car insurance or classic car insurance will often be cheaper than your standard auto insurance companies, Plus, with the Agreed Value coverage, you know you'll be fairly compensated.

One Liability Charge : With the NCM Insurance Agency, you will pay for liability coverage only one time, while most standard auto companies charge for each vehicle.

Spare Parts : We automatically include \$2,000.00 for lost or stolen parts, plus we include \$75.00 to cover towing cost. If you want additional towing coverage you can purchase our Expanded Towing coverage for \$10.00.

Optional 9 – 5 : We offer "Nine to Five Driver" that allows you to drive your vehicle to work up to a couple times a week.

New Car? : Any new addition to your collection is covered for 30 days and up to \$50, 000.00.

Trip Interruption Coverage : If your vehicle ever breaks down while you are on a trip more than 50 miles from home we will pay up to \$600.00 for transportation, lodging and expenses.

Broad Deductible Options : From \$0 to \$10,000.00 on all vehicle types

Full Safety Glass Option : We waive the deductible if a windshield requires replacement and there is no other vehicle damage.

Pet Coverage : We provide coverage if a pet is injured during an accident.
