LILIANA V. DOLAN, PRESIDENT

BOARD OF DIRECTORS AND MEMBERSHIP

PRESIDENT'S MESSAGE FOR DECEMBER 2024

Here we are December 2024 – not only the last month of the year, but our last meeting of 2024. Within our Corvette family, as members, we enjoyed wonderful dine and rides, well attended sunset cruise nights, Audrain Cars & Coffee, winery rides with friends, and so much more. We supported our Brother and Sister Clubs in attending their Car Shows and of course our own Corvettes by the Sea 2024. Our Club has experienced sickness, and our members have lost family as well. Through sickness and in health this Club remains a family. That is truly a **REFLECTION** of the wonderful people that make this Club of what it is. We are forever grateful for our Sponsor Paul Masse for their continued support of CCRI and I hope that our membership will continue to support our sponsor when choosing a new ride.

As we get older, we reflect of the years past and the memories we have made together as a corvette enthusiast family. It is my hope that this Club will move forward in 2025 as a family and welcome new socials, innovative ideas, and new beginnings with the same family of friends who have now become an extended family. The generosity of some members this year must be mentioned – First a huge thank you to our Membership who donates each week to our charities; a shout out to Richard Bacik and Steve Biron for putting on a social at the Audrain, that was well attended this year, that allowed them to donate back to the Club \$100.00 toward our charities. Mario and Teresa Branco who generously donate a bit extra at each social they attend toward our charities. A thank you to Randy Flock who made sure that our Club was represented and displayed at the National Corvette Museum's NE Caravan this year. A HUGE thank you to Paul Masse for his continued sponsorship, Louise Boulanger and Dennis Langlois and the entire Board of Directors and me in designing our 60th anniversary shirts – excellent job by all. It is the support of the members, the activities committee and the board of directors and the support of the membership that allows this Club to Grow in what it is today. Our Membership Director, our VP, our News Editor, our captains of our show, each one of you that serve as a committee and our BOD, and finally "YOU" THE MEMBERSHIP, which continues to support, attend, and work in making it a GREAT CLUB OF FAMILY AND CAR ENTHUSIASTS. The generosity and hard work from our Members during CORVETTES BY THE SEA were bar none this year. It has been a difficult year for many of us, but we all look forward to that monthly meeting, the socials, the weekly gatherings and/or car shows, that we just get to put our troubles aside and just enjoy the people around us. So, no matter what you are doing this holiday season, try to reflect on the positive, and be hopeful for the future. Since the loss of my husband in 2010, my ole time favorite saying is **ONE DAY AT A TIME....** Try not to reflect on the negative, rise above any negativity, just breathe, and leave it to GOD'S HANDS. Have faith, believe in faith, and just keep moving forward. **SOME NOTES: Our Holiday Party is 12/6/2024, if you are yet to pay or secure a spot the meeting this week is the place to settle; SALEM CROSS INN – if you are still interested in attending this weekend getaway or just come for the dinner, this meeting is the time to settle for this event as well. Your food choices will be needed as well. THERE WILL BE NO MEETING IN JANUARY – SO THAT THE GROUP CAN RE-ORGANIZE OURSELVES FOR THE 2025 PLANNING SEASON.** I wish all of you a wonderful Holiday season with LOVE, GOOD HEALTH, AND PEACE TO ALL. Heartfelt prayers to those Members who are severely struggling with that adage of ONE DAY AT A TIME, our prayers are with you for strength and peace.

HAPPY HOLIDAYS AND HAPPY NEW YEAR

Detailing your Corvette

How concerned are you about your Corvette's looks? Is a trip to the drive-through car wash every few months good enough? Or do you obsess over things such as tiny swirl marks in your paint, or getting just the right amount of gloss on your trim? If you fall into the latter group, then you've come to the right place.

Celebrating 60 Years

Founded by a handful of Rhode Island Corvette Enthusiasts back in 1964, the Corvette Club of Rhode Island (CCRI) has endured for over five decades. The motivating factors for this enterprise have remained applicable to this day and are stipulated as "general purposes" in Article 2 of the club by-laws.

JUST THE TIPS **S** WITH RICK LYONS **S**

This month I want to talk about C6 Headlight lenses, they are known for deteriorating quickly. The options are replacing them or trying to polish them. Most need to be replaced with aftermarket lights or in my case, I replaced the lenses on my original headlights. You can buy just the lenses at several places on-line. It is a process that most handy people can handle, the toughest part is probably removing the headlight assembly from the car. Once you have the lights out you need to remove the rubber gasket and little grommets then place them in the oven at 225 degrees for 15 minutes to soften up the adhesive so you can pry the two halves apart. Most people use a couple of large screwdrivers and work their way around the perimeter. In my case, it did not want to separate so I had to use my vibrating saw and cut the lens off then place it back in the oven and grab the remaining edge with vise grips and pull it out, it was a bit of a chore but manageable. Once I removed the rest of the lens material, I still had to get the rubber butyl adhesive out. To do that I used needle nose vise grips and locked on some of it I pried up and kept twisting it as it stretched it let go of the housing. After getting that done I had to transfer the painted portion from the old lens to the new one. After cleaning everything I placed the new Butyl into the channel stretching it as I went along to make sure it fit correctly. Then I was able to place the new lens onto the other half of the light making sure to line it up carefully. Next, I put it back in the oven for 15 mins to soften the butyl and I pressed the two halves together and put 6 spring clamps evenly spaced around the edge to apply even pressure while the adhesive cooled. I am pretty happy with the way they turned out and the parts cost me around \$100.00 and it gave me something to write about.

I'm sure you must have some tips you can share.
If so e-mail me with your ideas

Better Safe than Sorry – Stop Corvettes from Being Stolen

Many of you heard after the New England Caravan attended the NCM's 30th Anniversary Celebration in Bowling Green, KY some folks took a post caravan trip to Memphis. There two of our NE group Corvettes were stolen. The C7 convertible (above) was found just a few days later stripped in a yard and the red C7 Z06 Coupe (below) was never recovered. It was stolen in broad daylight in front of their hotel room. They heard the alarm go off. They banged on the window to stop the thief...he aimed a pistol at them, they hit the floor and a few seconds later the car was gone. I encourage you to watch the two youtube links (first one shows actual theft video) and second ones goes over what you can do to keep you Corvette from being stolen. It's up to you to take action to protect your car. I recommend the two claw club and it's only around \$40.00. If your Corvette is parked next to a Corvette without a club ... which car will they attempt to steal?...slow them down or even better yet... discourage them.
