JULY 2022 - PRESIDENT'S MESSAGE

HELLO MEMBERS, I HOPE THIS PRESIDENT'S MESSAGE FINDS EVERYONE WELL. OUR MEETING IS AROUND THE CORNER, TUESDAY, JULY 12, 2022. WELL JUNE CLOSED OUT WITH ME TURNING 63 AND A WONDERFUL SOCIAL EVENT ATTENDED BY MANY TO GILLETTE CASTLE STATE PARK – HOSTED BY ERNIE AND JUSTINE PAPINEAU WITH MUCH HELP BY OTHER MEMBERS – Thank you to all those that were responsible for this well attended and fun event. The Fourth of July Parade went off without any breakdowns (thank goodness). It was a very long and hot day for our Team and Board of Directors, as we thought the Parade was slower than usual. 2.5 miles and it took over 2.5 hours. Thank you to your Board of Directors, Committee members and Ernie Nastari for coordinating and representing our Club proudly.

How many of you remember VETTETACULAR at Paul Masse? I am happy to announce that our Sponsors are working very hard to make this event happen again, possibly as soon as next year; based on inventory. So, let's keep our fingers crossed as this is a full club participation event attended by our brother and sister clubs – and of course, we want to make sure that our Sponsor knows that we will be front and center for them in support as they are for our club.

At our meeting on JULY 12, 2022, I will again explain to everyone of the situation that presented itself, for our Board to make the decision to move the show to another location. A huge shout out to Member, Richard George, and Peter Di Bonaventura for first bringing the situation of the grounds to my attention and for Richard in assisting us to find the perfect venue for our 50th Celebration.

On, July 17, 2022, is our annual Cocktail Party at Crystal Lake. This is always a wonderful time and gathering with our Corvette family. I will be taking final reservations for this event at our meeting and all details are on our website, as well as in your newsletter. We end July with a winery tour – which I hear is being very well planned out by our VP, Dennis Langlois. August 14, 2022, is the new date for our show, which I hope that our Membership will plan on attending in full force. Many sunset cruises still ahead for August as well as another fun social at the Stone Forge Tavern. See you at our meeting. In the meantime, please keep our CCRI family in your prayers for those going through life's speedbumps.

Detailing your Corvette

Over the next few pages, we're going to show you some professional-level cleaning and detailing tips that will make your Vette gleam. Better still, these techniques can be performed in your driveway with just a few simple tools and a handful of car-care products.

Celebrating 57 Years

Founded by a handful of Rhode Island Corvette Enthusiasts back in 1964, the Corvette Club of Rhode Island (CCRI) has endured for over five decades. The motivating factors for this enterprise have remained applicable to this day and are stipulated as "general purposes" in Article 2 of the club by-laws.

Happy 54th Birthday Hot Wheel

Make plans to visit Hot Wheels: Race to Win at the National Corvette Museum

Hot Wheels was born when Elliot Handler (shown above and his wife and Mattel co-founder Ruth Handler) challenged his design team, which included a General Motors car designer and a rocket scientist to create a toy car that was cooler and performed better than anything on the market. They answered with the first ever trackable toy car.

Handler was so impressed by the car's groundbreaking new wheel design and performance that his first response when he saw it rolling along the floor was "Those are some Hot Wheels"

RARE CORVETTES

RARE CORVETTES?

The 1963 Corvette Grand Sport

Despite GM's participation in the AMA sanctioned racing ban, Zora Arkus-Duntov secretly built the Grand Sport Corvette as a means of competing with Ford, Ferrari (and other manufacturers) on the world racing stage. Duntov built these cars in secret, and when it was discovered they were being put together, the program was shut down and Duntov outwardly reprimanded for the decision. However, before that happened, Duntov had been successful in building five examples of the incredible GS racer. More importantly, the car was a powerhouse, and it wasn't long before GM was looking at the Grand Sport as a way to bolster the performance of other race-developed vehicles. All five of these cars still exist today, and each is a highly valuable, highly coveted collectable, demanding millions of dollars each time one changes hands.
