PRESIDENT'S MESSAGE -NOVEMBER 2022

The picture here reads GRATEFUL.... I am grateful for the love, support, guidance, and respect that I am given as your Humble President. This President's message is a message of thanks to all those that have assisted in volunteering their time as a committee member, or a member of my team up front and center. I am Grateful for my VP, Dennis Langlois and his hard work and diligence as our Members Director and Vice President. Grateful to all those individuals this year that took the time to plan events, socials and rides this year. Your Board of Directors, Deb Papineau, Michael Pascale, James Campanini, Richard Nelson, James Petrarca, Dennis Langlois, and myself want to take the time to wish each and everyone of our Members a Blessed Thanksgiving season. It is so hard to believe that the Corvette Season is coming to an end for 2022. I cannot go on without wishing prayers and comfort to those that have had a difficult year – you are constantly in our prayers and thoughts. Thank you to each Member that volunteers their time, in planning parades, taking pictures, sending sunshine, making coffee and pastry for our meetings, setting up the church, keeping us looking sharp in our apparel and the list goes on..... These tasks are not easy at time, and I am so grateful for each one of you. Our show was successful this year because of the due diligence of our captains, team and members who worked so very hard.... I applauded all of you! I look forward to seeing you on Tuesday evening so that we can discuss the upcoming events, such as our Toy Drive, one more car show, our Comedy Luncheon, and our Christmas Gala. Again, a Blessed Thanksgiving to each one of you.... I am humbled to be called your President and grateful again, for all the love and support throughout the years.

As a follow up to the Corvette ZR1 option initially released in 1970, Chevrolet came out with the **Corvette ZR2** in 1971. The ZR2 special engine package cost \$1,747 (about \$11,612 today) and included the special equipment in the ZR1 package, but for the 454 LS-6 engine. This high performance option also included a Muncie M-22 transmission, twin-disc clutch, heavy duty brakes and suspension with larger anti-sway bars, and an aluminum radiator to help cool all those horses. Only 12 Corvette ZR2s were built in 1971 and two of those were convertibles. One of the those convertibles was put up for sale in 2019 for about half a million dollars.
