PRESIDENT'S MESSAGE OCTOBER 2023

Well here we are – OCTOBER.... I will not start this President's message without first acknowledging a stellar and kind Member of our Club Dwight Annese who is finally resting at home with his beautiful wife Norma and coming to peace with his fight against Cancer, Kidney failure, heart issues and lupus. More than one human should ever have to battle. Dwight, I hope you can read this message of Love and Respect that your CCRI family has for you. Your bright smile each time you entered a room filled our hearts and made us smile. Your love and devotion to the Club, your President and friends will always be remembered. You are a friend to me, a confidant and all-around good human being. Your CCRI family has you in our prayers for comfort and peace as you sit and reflect your book of life with your beautiful wife. We pray that the good Lord ends your suffering peacefully and pain free. A Warrior through and through. Our prayers are with you and your entire family. Norma thank you for taking such diligent care of our friend – your strength, love and support is being tested daily and your beautiful soul just acknowledges why Dwight picked the perfect woman to be by his side. God Bless you both! **I LOVE YOU, MY FRIEND! On Thursday, October 5, 2023, I am inviting those Members that can attend in a "DRIVE BY OF LOVE" at 12:00 at my home 90 Colwell Road, Burrillville, RI – at that time we will depart at 12:30 p.m. for a visit with Dwight. Norma will have Dwight in her car so that we can drive by and send him a Corvette Wave. For those to wish to stop for a moment and get out we can do that as well. Please join me in a gathering of LOVE AND PEACE for our friend this coming Thursday, October 5, 2023, meeting place my HOME. Thank you. Prayers for those members families and friend that passed and were put to rest this week Matthew Vecchiarelli – Matt was a kind soul and friend to many in this Club for years. He is at peace and our sincerest condolences are extended to friends of Matthew in our Club. God Rest his Soul.**

TOYS FOR TOTS: In our November meeting I am asking for Members to please consider donating to TOYS FOR TOTS THIS YEAR – WE WILL GIVE OUR DONATION TO EDDIE IMONDI WHO IS THE TOYS FOR TOTS KING – So I hope you will consider bringing in a TOY FOR EDDIE IMONDI'S CAMPAIGN – Eddy's dad was our former Sgt. of Arms who died in a horrific accident while snowmobiling – so I hope you will consider bringing in Toys for our November and December meeting. **SPONSOR SPAGHETTI DINNER – NOVEMBER 11 (OPEN TO THE FIRST 40 PEOPLE)** – Our Sponsor Paul Masse and Team would like to hold an appreciation social at the Paul Masse dealership in East Providence on November 11, 2023, at 5:30 p.m. – We will have a signup sheet for this event at our meeting this month. Keep up the Good Work! **ELECTIONS:** Nominations will take place at our November meeting for PRESIDENT, VP, SECRETARY, TREASURER, AND (2) BOARD MEMBERS – If you are thinking of running – please just nominate yourself, or a member for any of these positions. Winterizing your Corvette

One of the most popular questions among Corvette owners is "how should I prepare my Corvette for long-term or winter storage? This age old question is just like the typical "which type of aftermarket exhaust system should I install" question. You're bound to get five hundred different answers and all of them could be different.

Celebrating 59 Years

Founded by a handful of Rhode Island Corvette Enthusiasts back in 1964, the Corvette Club of Rhode Island (CCRI) has endured for over five decades. The motivating factors for this enterprise have remained applicable to this day and are stipulated as "general purposes" in Article 2 of the club by-laws.

Just The Tip With Rick Lyons

This months tip is about tire air pressure sensors . From what I understand most sensors last 3-5 yrs before the batteries start going dead .I recently had new tires, rims, and sensors installed.I was a little surprised that the installer wanted to charge \$30.00 to reset my sensors. I chose to purchase an inexpensive sensor reset tool from Amazon I think it was \$13.00 because I like to do as much as I can myself and a little surprised that after spending as much as I did they wanted another \$30.00 for 2 minutes work.

To reset sensors you need to push and hold both the lock & unlock buttons on your key fob until horn blows then front drivers side parking light comes on then hold the sensor tool next to stem on front drivers side tire until horn blows and passenger side light comes on and you repeat on all wheels when you finish the horn should blow twice. There is another method you can follow the same instructions and instead of using a sensor tool you can let some air out of each tire until the horn blows and work your way around the car. I haven't tried this method but it is popular on you tube and is suppose to work well.

I have another tip about door opening sensors at least on C6 models if your having trouble opening your door when you press on the sensor inside the door handles you can take them off the car by removing a couple of screws then disassemble them. You will find a copper contact plate inside and if you clean things up and use a little scotch bright to shine up the contact areas it should improve the door handle response . You can find info on these tips on you tube since they are common problems.

I hope more of you will send in tips, it can be something very simple but it could help a fellow member. And I only have experience with my C6 so tips for other models will be appreciated .

Please send tips to
Rick Lyons

Please put just the tip in subject area

Thanks Rick Lyons
