## President's Message

Hello CCRI Members,

October, by far, is a month full of emotions for me, but still one of my favorite months of the year — full of hope, color and rejuvenation. Shedding of leaves on the ground to reflect the year and hopeful for the rebirth of new leaves blooming in the spring. The hibernation of winter is getting closer, but we are not done!

What a successful year of events for CCRI! It was so nice to see that the Audrain weekend was a complete success for our members. Thank you again to Richard B. and Steven B. for coordinating the Corvette Corral, and congrats to Michael P., Douglas L. and Marlene G. for having their car on display at the Tennis Hall of Fame.

What an incredible experience for our members meeting Jay Leno and former President Joe Biden. Did anyone notice if any files were in the trunk of his Corvette? 😊 What a day and what memories!

Some of our members took rides up north to view the beautiful colors of fall, while others gathered locally with friends and enjoyed dine and drives. It is so nice to see this Corvette community become friends with one another.

We have so much more planned — the Stone Forge ride and dine, the Paul Masse Luncheon and, of course, our Christmas Party — so be sure to check out our website, read our newsletter and sign up for the upcoming end-of-the-year events.

October is also known as Italian Heritage Month and an observance of all those heroes who fight the battle of CANCER. We are humbled to support Paul Masse's Walk for Cancer Awareness by donating to their cause. If anyone is interested in joining the Paul Masse walk to fight against cancer, I will have a flyer in this newsletter.

I look forward to seeing you at our meeting on **October 6 at 6:30 p.m.**

## PAUL MASSE'S CAMPAIGN AND FIGHT AGAINST CANCER

### CCRI MEMBERS ARE INVITED TO JOIN THE PAUL MASSE CANCER WALK

Our sponsor Paul Masse will be supporting the American Cancer Society's Making Strides Against Breast Cancer 5K walk/run on **Sunday, October 18<sup>th</sup>** in Providence. Every year your generosity towards this cause is inspiring and goes towards funding research that one day may find the cure for this disease. I am confident in saying that each one of us has had an experience with Cancer in our lives.

Their goal this year is to raise \$20,000 as a Company and have 50 Team Members show their support by walking or running the 5K as One Paul Masse Team! If you are interested, please sign up below or contact Marissa Stone. Be sure to say you are from the Corvette Club of Rhode Island. Wishing our Sponsor complete success in making their goal for the warriors that fight and continue to battle Cancer.

Please click or copy the link below and join the team or donate:

[Making Strides of Providence: Paul Masse Chevrolet, Buick GMC |](#)

Every dollar matters and everyone's support is appreciated! THE CORVETTE CLUB OF RHODE ISLAND WILL PROUDLY BE DONATING \$500.00 TO OUR SPONSOR IN THE FIGHT AGAINST CANCER. If anyone is interested in more information, please contact Marissa.

This month, I'd like to talk about the Big Three wiring upgrade. The Big Three wiring upgrade helps a Corvette by reducing electrical resistance, eliminating voltage drops, and maximizing the current capacity of the vehicle's charging system. Corvettes—especially models like the C5, C6, and C7—are packed with complex factory electronics. Over time, factory wires degrade or become corroded, and they are inherently too thin to efficiently handle extra power loads. By adding thicker 4-gauge or 1/0-gauge oxygen-free copper (OFC) cables, this upgrade acts like widening a straw into a pipe, allowing electricity to flow freely between the alternator, battery, and car frame.

## The Three Wires Upgraded

Instead of removing your factory wiring, the Big Three kit adds three heavy-duty cables alongside them.

**Alternator Positive to Battery Positive:** Safely carries the maximum power generated by the alternator back to recharge the battery and run the car.

**Battery Negative to Vehicle Chassis (Frame):** Strengthens the primary return path for the entire vehicle's electrical circuit.

**Engine Block to Vehicle Chassis:** Completes the electrical ground loop specifically for the alternator, which is bolted directly to the engine.

## Why This Matters for a Corvette

**Supports Aftermarket Mods:** Corvettes frequently run power-hungry upgrades like high-output stereo systems, heavy-duty fuel pumps for forced induction (superchargers/turbos), and aftermarket fans.

**Fixes Dimming and Low Voltage:** It stops headlights or dashboard screens from flickering or dimming when the car is under a heavy electrical load.

**Improves Engine Vitality:** Cleaner grounding ensures sensors communicate accurately with the ECU, leading to smoother idling and overall better engine responsiveness.

**Protects Components:** Less resistance means less heat, which extends the operating lifespan of both your expensive alternator and your battery. Pre-fit packages like the SacCityCorvette C5/C6 Improvement Kits offer a seamless, bolt-on look that blends right in with factory cable sleeving without requiring any cutting.

Here are some videos about this subject.

## **THE NCM PROMISE** Customized Coverage Just For You

**Together we create a personalized plan that perfectly fits your needs for your cherished collector vehicles.**

More than Just Car Insurance! Situated within the esteemed National Corvette Museum, NCM Insurance Agency represents a wide array of insurance services catering to collector vehicles, car club liability, and HPDE (High-Performance Driver Education) coverage. Even though most of us are Corvette enthusiasts we proudly insure all models of collector vehicles.

**Agreed Value Coverage:** Our collector vehicle policies are anchored in Agreed Value, ensuring the pre-determined value of your vehicle is guaranteed value of your vehicle is guaranteed against total loss without depreciation. For vehicles under restoration the value is set as stated value until 80% completion, after which agreed value applies.

**Flexible Mileage Options:** Why pay for miles you're not driving? Our coverage is built for the way you cruise – whether you're showing off at a car show, hitting the road on the weekend, or just keeping your ride spotless in the garage. It's protection made for the true enthusiast.

**Occasional Commute To Work:** With our occasional commuting to work endorsement, you can take your collector car out for a spin to the office – up to two times a week. Whether you're showing up to the morning meeting in a split-window or making an entrance worthy of the showroom floor, this endorsement lets you add a little horsepower to your daily grind.

**Expert Claims Service:** When you file a claim, we provide a dedicated claims adjusted to guide you through the entire process, offering personalized support for a seamless experience. Choose your preferred repair shop, ensuring your prized possession receives exceptional care.
